About L&S Engineers

L&S Engineers is one of the UK's largest suppliers of plant, construction, and groundcare spare parts, supporting the needs of trade professionals, plant hire companies, local councils and small businesses.

We keep huge stocks at our warehouse in Walsall, West Midlands, and pride ourselves on high availability and fast next-day delivery across the UK. As main dealers and major stockists for important construction brands such as Stihl, Husqvarna, Wacker, Belle and Honda we also provide high-quality non-genuine replacements for most makes and models, giving our customers reliable options for every budget.

With nearly 60 years serving the plant hire industry, we combine traditional service values with modern technology to deliver fast and accurate order fulfilment, and dependable support for your business.

We believe that great service starts with great people. Our dedicated Sales Team are here to support each and every customer with friendly advice, expert knowledge and a genuine commitment to helping you find the right solution.

With years of combined industry experience, no question is too big or too small.

From first enquiry to final delivery, we are committed to making your experience smooth, reliable and enjoyable. We don't just take orders, we build long-term relationships, offering a personal service you can trust.

“ Knowledgeable staff who always help us find what we need. ”

Customer review

Our Journey

1969

Wyn Lees and Alan Shaw form a partnership, laying the foundation for L&S Engineers.

1971

L&S Engineers is officially registered, starting part-time from a coal board yard in Pelsall.

1980s

Expansion into spare parts and first employees join, cementing L&S's growth trajectory.

2011

Launch of first e-commerce website, opening nationwide access to thousands of spare parts.

2019

Acquisition of Garden Hire Spares, broadening product range and support for groundcare equipment.

2024

Major rebrand launches with refreshed logo and modernised website design.

Today

Operating robotic warehouses in Brownhills, supplying customers nationwide with speed and accuracy.

Trailer Accessories

Consumables for transport and towing including trailer boards, load securing and electrical spares.

View our full range of Trailer Accessories at [Isengineers.co.uk](https://www.lsendengineers.co.uk)

Maypole 4ft Trailer Board

- Integrated rear lights with red triangular reflectors
- 4ft (1.215m) rigid plastic board, 139mm high

200 100

Pre-wired 7-core 5m lead for quick connection to the vehicle socket

Integrated rear light clusters and red triangular reflectors for visibility

Yellow Conspicuity Reflective Tape ECE-104

- Class II retroreflective tape for vehicle body outlining
- 50mm x 12.5m roll with durable adhesive backing

820 550

BEST SELLER

50mm Combination Tow Ball Coupling

- 50mm tow ball with pin-and-jaw combination hitch
- Rated 3.5 tonnes (3,500kg); EU approved for road use

207 082

Trailer Socket Conversion Adaptor 13-pin to 7-pin

- Converts 13-pin vehicle socket to 7-pin trailer plug (road-lighting only)
- Durable, weather-resistant plastic with corrosion-resistant contacts

953 601

7-Pin 12V Caravan & Trailer Plug

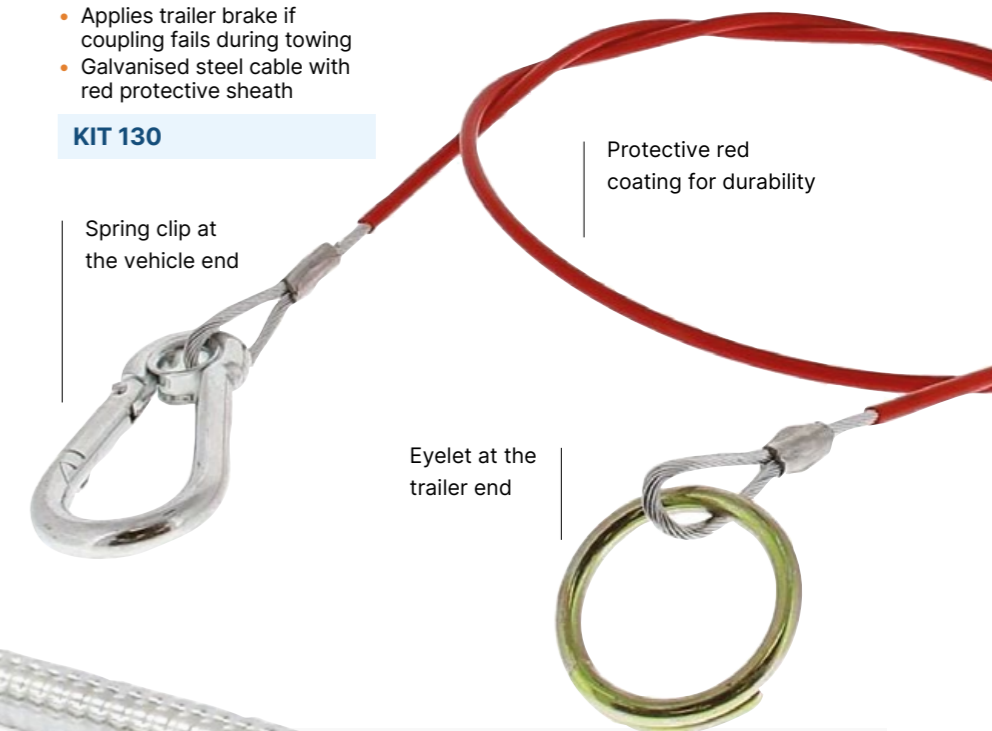

- 7-pin 12V for indicators, tail, brake, fog, number plate light, and earth
- Durable impact-resistant plastic body with firm grip

200 110

Trailer Breakaway Cable

- Applies trailer brake if coupling fails during towing
- Galvanised steel cable with red protective sheath

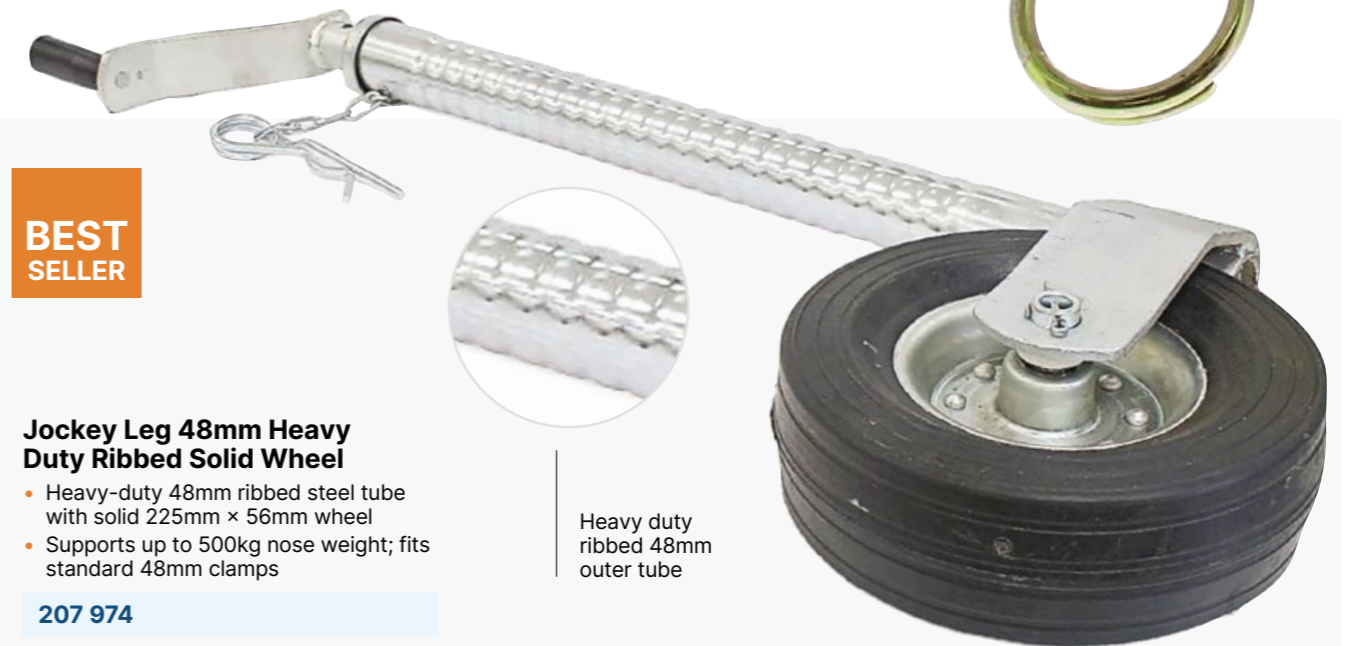

KIT 130

Spring clip at the vehicle end

Protective red coating for durability

Eyelet at the trailer end

BEST SELLER

Genuine VS Non-Genuine?

Genuine parts offer high reliability, perfect fit, and maintain warranty standards, ensuring long-term performance.

Non-genuine (aftermarket) parts are often more affordable and widely available, with some offering comparable performance, giving hire fleets and trade customers greater flexibility.

Recoil Starter

- Genuine Stihl Part
- Complete Assembly: Starter cover, recoil mechanism, pulley, rope, and T-handle
- Compatible Models: TS410, TS420

Part No. 4238 190 0302

BUDGET OPTION

Recoil Starter

- Non-Genuine Replacement OEM 4238 190 0302
- Complete Assembly: Polymer housing, steel rewind spring, starter cord, T-handle
- Compatible Models: TS410, TS420

Part No. 410 217

TS410 Air Filter Set

- Two-piece filter set: foam pre-filter + fine main filter
- Direct-fit replacement for TS410 / TS420 and other compatible models

4238 140 4403

BUDGET OPTION

TS410 Filter Set

- Non Genuine Part designed to replace OEM 4238 140 4403

410 100

BUDGET OPTION

Cylinder & Piston Assembly

Non-genuine, compatible with Stihl TS410 and TS420

410 200

Cylinder & Piston Assembly

- Complete top-end kit: cylinder, piston, gudgeon pin, clips
- 50mm bore for precise fit, compression, and reliable sealing

4238 020 1209

With a proud heritage dating back to 1869, Morris Lubricants are one of the largest privately-owned manufacturers of high-quality lubricants in Europe. For over 150 years, they have developed a global reputation for delivering the highest quality oils, lubricants, greases, and services across a range of sectors in over 90 countries worldwide.

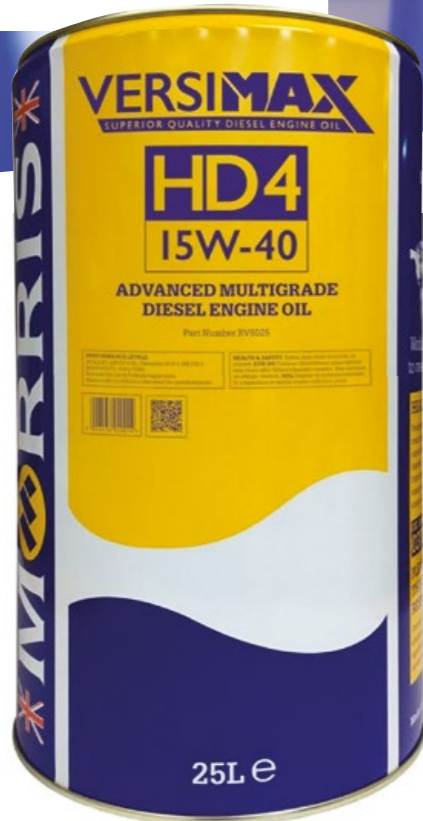

We're one of the UK's largest stockists of Morris products, with a comprehensive range of lubricants for plant, machinery, and engines.

MORRIS
LUBRICANTS

Morris Versimax HD4 15W-40 Engine Oil 25 Litre

- Suitable for EGR and SCR/AdBlue systems (not for DPF)
- Provides strong soot and sludge control for cleaner running
- Excellent anti-wear protection and fuel efficiency
- Ideal for engines from Cummins, Mercedes, Volvo, Scania, MAN, and more

977 2027

View our full range of **MORRIS** products at Isengineers.co.uk

BEST SELLER

Morris Terrain XL 10W-30 Engine Oil 5 Litre

- Protects against wear, soot, rust, and oxidation
- Strong detergency for cleaner engines and sustained performance
- Shear-stable film ensures reliable protection under load
- Ideal for plant, agricultural, and grounds-care machinery

Workshop Products

Branded and budget supplies available from Abracs, Hycote and more

BEST SELLER

SIP Electronic Welding Headshield

- Auto-darkening filter (ADF): Rapid 0.3 ms response (3/10,000 sec) for immediate eye protection
- Adjustable shade settings: 4 for grinding; 9-13 for ARC, MIG, TIG welding
- Side-mounted shade control dial: Quick, precise adjustments even when wearing gloves

845 2883

Mild Steel Welding Electrodes 2.5mm 5kg Pack

- 2.5mm diameter
- Consistent, stable arc performance for reliable MMA/Stick welding
- Suitable for both AC and DC welding machines
- Works in all welding positions

845 275

Abracs Emery Sheet P80 Medium Grit Cloth-Backed Abrasive

- Sheet size: 230 x 280mm (9 x 11in)
- Medium P80 grit for effective rust, paint, and light scale removal

835 159

U-POL Easy One Smooth Body Filler

- Smooth textured, tack-free finish for professional results
- Non-sag formula suitable for vertical and horizontal applications

963 002

Abracs Extra Thin Metal Cutting Disc

- Genuine Abracs part PHET12510F1
- 125mm (5in) diameter with 22mm (0.87in) bore-fits most 125mm angle grinders

750 045

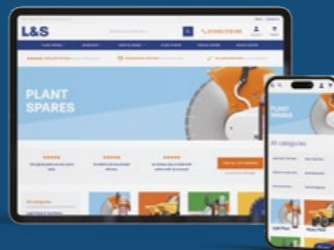

Abracs Polrico Non-Woven Flap Disc

- 115mm x 22mm disc size (4.5" x 0.87")
- 22mm bore fits common backing flanges

750 351

Angled lance tube for improved reach

900mm Angled Pressure Washer Lance

- Angled lance design for better access under chassis, behind guards, and into corners
- 900mm (35.4in) length for extended reach and safe standoff distance
- High-pressure rating up to 280 bar for heavy-duty cleaning
- Suitable for hot water use up to 150°C

300 5040

"Works well with our hot washer. Gets into corners and behind guards where a straight lance can't reach."

Customer review

BEST SELLER

"Easy to fit and feels sturdy. Handles high pressure without any flex and cleans machinery quickly."

Customer review

900mm Straight Pressure Washer Lance

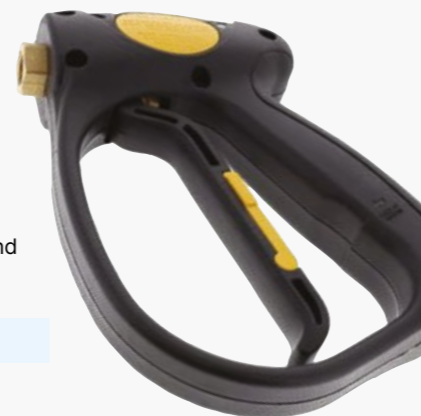

- 900mm (35.4in) straight lance for extended reach and improved operator safety
- Stainless steel tube with brass fittings for corrosion resistance and durability
- Heat-resistant plastic hand grip for comfort and handling
- Heavy-duty rating: up to 280 bar, 150°C, 25L/min flow

300 5030

Pressure Washer Trigger Handle Spray Gun

- Max working pressure: 280 bar (4060 psi) for heavy-duty cleaning
- Connections: 3/8" BSP female inlet (9.5mm) and 1/4" BSP female outlet (6.35mm)

300 500

30ft Pressure Washer Hose Assembly

- Rated to 200 bar, handles hot water up to 150 °C
- 3/8" BSP crimped steel fittings for secure connections
- Resistant to abrasion, kinking, and heavy-duty use

300 5060

30ft Pressure Washer Hose Assembly

- Rated to 400 bar for demanding cleaning tasks
- 3/8" BSP female fittings with male/male adaptor
- Flexible, abrasion-resistant cover for durability

300 5070

Karcher Pressure Washer Hose Joiner

- M22 × 1.5 male threads on both ends for joining hoses with M22 female couplings
- Solid brass construction for long-lasting durability and corrosion resistance

300 532

3/8" BSP Male to M22 × 1.5 Female Pressure Washer Adaptor

- Converts 3/8" BSP male (≈9.5mm nominal) to M22 × 1.5 female threads
- Secure threaded connection for hoses, guns, lances, and pump outlets

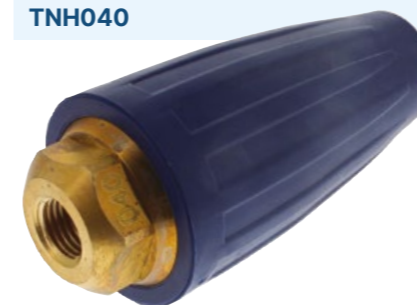

300 530

Pressure Washer Turbo Nozzle 04

- Heavy-duty brass body with ceramic seat and nozzle for long service life
- Rated to 350 bar with a fixed 180 bar operating point for consistent rotation

TNH040

Inline Suction Filter

- Protects pumps by filtering out particles before they enter the inlet
- 1/2" BSP female inlet and 1/2" BSP male outlet (12.7mm BSP) for standard connections

300 5256

Trade Accounts

By creating a trade account you will have access to exclusive trade offers and much more.

You will have the ability to store your order history and track orders, manage company users and checkout faster.

Punchout Integration for Easy Ordering

We provide Coupa punchout integration, linking our full catalogue of spare parts directly into your procurement system. This allows you to place orders with L&S without leaving your own platform — saving time, reducing admin, and improving accuracy.

Your team can browse, build carts, and send requisitions into Coupa for approval — giving you a quick, controlled way to keep equipment running and projects on track. This allows you to place orders with L&S without leaving your own platform.

In a Hurry?

We offer next-day delivery because waiting isn't an option.
